The question

Using ALL THREE documents and your knowledge of the Red Scare (US.28), immigration restriction (US.29), and the political ideology of 'normalcy' (US.35), write a multi-paragraph response that applies HIPP to each document and constructs an argument about how the concept of 'Americanism' functioned as a political ideology in the early 1920s. Your response

1. apply HIPP to all three documents
2. identify what each document defines as a threat to 'America'
3. construct a supported argument about how these three documents together reveal a coherent but exclusionary definition of 'American.'
